Memorandum

To: Todd Polarolo
From: Justin Joseph
Date: 5/27/2006
Re: DEA Audit Preliminary Response 03-06-06

Accountability:

Store #05828 never filed a claim for WIC 675756, which was stolen from the courier. We filed a DEA Form 106, and the control drug "shipments by item" indicates product was shipped; therefore, the store was billed for controlled drugs they did not receive. The DEA checked 8 WICs total, and the remaining 7 were correct. They noted that we were very accurate in following items through the DC.

Security:

Current cage does not meet requirements and there were no recommendations due to upcoming construction for CII. They praised our alarm and camera system and were highly complementary of our card access program. Acknowledged Tonia by name on her effectiveness

1301.74(b):

DEA feels that the suspicious ordering report is inadequate; they specifically did not like the DEA Factor and would like to know how we determine it. They would like a better description of the formula used to determine a suspicious order. The explanation of the formula is: All stores are put into groups of 25 based on the amount of daily prescriptions filled. The average is then taken from the orders to the DC on each group of 25. The result is Average order * DEA factor = trigger. They said the formula should be based on (Size, pattern, frequency).

1301.74(e)

Said we should not be identifying control totes by the Red Seal. Currently we only use Red Seals for totes containing controlled substances.

1304.04(a)

Since we do not have the original POs in-house, we should have filed for central record keeping.

1304.11(a)

We provided them with three inventories: initial, 1 year, and biennial. The biennial was the only one to indicate that it was taken at the close of business. This should be included in the CM-15 manual.

1304.22(b)

They felt that report repb309 was inadequate to use as a primary receiving record. They indicated that report repb263 was a more accurate report to use for that document as it most closely resembled a PO.

"PRESCRIPTION FOR SUCCESS"

November 14, 2008

However they did indicate it lacked some information and did note that some of the DEA numbers were incorrect or old.

1309.71(8)

When we provided them with the list of PSE list one items, they asked how many were just List One. We could not give them only List One items, we need to be able to query PSE List One and Non-PSE List One items. In addition they found one WIC 664464 PSEUDOEPHEDRINE 30MG TAB (RUG)+24 was not listed as "PSE LIST ONE" under the special product type. Jill Nailor is currently working with the Item/Vendor team on the marketing side.

1310.03(f)

They asked how we determine when a regulated transaction has been met. We could not provide them with a report listing regulated transactions. This should be based on the item and the milligrams of Pseudoephedrine that it contains. Who sets the threshold for regulated transactions, how is this determined? We are required to know this at the DC level.

1310.05(a)(1)

1310.05(b)

This is similar to the response to 1301.74(b), but the formula can't be based on prescriptions because the product is sold over the counter. They also stated that we are required to call in suspicious orders within 24 hours and should follow up with a written report within 15 days. We should not use averages due to spikes in orders during cold, flu, and allergy season. They also said that analysis is required we should not rely solely on a report.

1310.06(a)(3)

The Milligram should be listed for every transaction on report sbpb657 "special product type- shipped item report" and AHPB021 "Received Item by Product Category" report.

Closing notes:

We are doing a great job in the DC of distributing Control and PSE List One but should have a better working knowledge on processes that happen outside of the DC. We should not have to rely on corporate to provide all of the answers.

They are going to recommend a Letter of Admonition (LOA), as it was our first DEA audit. We will have 30 days to respond to the letter. If our response meets their requirements, we will not hear back from them. They also stated that we can call them for their input prior to making any changes.

We were informed that at our next audit they will be reviewing the list of items from the letter of admonition. If we are found to be non-compliant, civil fines average \$10,000 per transaction.

They also stated they can review other DC's audits to determine if there have been ongoing issues with the same regulations. Fines could be issued to all DC's.

They thanked us for our cooperation and hospitality.

MAY 17 2006

Mr. Todd Polarolo
Distribution Center Manager
Walgreen Company
28727 Oregon Road
Perrysburg, Ohio 43551

Dear Mr. Polarolo:

During the month of March 2006, Diversion Investigators (DI) Angela Francis and James Rafalski of the Drug Enforcement Administration (DEA) completed a regulatory investigation of your firm. This regulatory investigation revealed recordkeeping inadequacies and security deficiencies. The discrepancies noted are as follows:

- 1) The formulation utilized by the firm for reporting suspicious ordering of controlled substances was insufficient. The system set its standard of deviation from a normal ordering pattern in groupings of 25 customers, based on the number of non-controlled and controlled substance prescriptions filled by each customer. The system in place determined the amount of daily prescriptions filled by each of its customers of both non-controlled and controlled substance prescriptions. This amount was utilized to place each customer in groupings each containing 25 customers. Of these 25 customer groupings, the firm calculated the average order per item of each controlled substance. The firm then took the average and multiplied that figure by three. This calculated figure was then used as the base to report suspicious orders above such figure.

Section 1301.74(b) of Title 21 of the Code of Federal Regulations (CFR) requires the registrant design and operate a system to disclose to the registrant, suspicious orders of controlled substances, and inform DEA of suspicious orders.

- 2) The firm utilized shipping containers through contract carriers that indicated the tote contents were controlled substances. The firm utilized a numbered tote tag that was red in color solely on totes containing controlled substances.

Section 1301.74(e) of Title 21 of the CFR requires the registrant is responsible to employ precautions, to guard against storage or in-transit losses. Such precautions include that shipping containers do not indicate that contents are controlled substances.

- 3) The firm failed to submit written notification to DEA for central recordkeeping. The original purchase records were not maintained at the registered location. The

purchasing of controlled substances is performed at Walgreen Company Corporate Headquarters in Deerfield, Illinois. Original purchase records are maintained at the Walgreen Company facility in Deerfield, Illinois.

Section 1304.04(a) of Title 21 of the CFR requires the registrant notify and submit, in written format, their intent for central recordkeeping to DEA.

- 4) The biennial inventory and the inventory produced for the accountability audit failed to indicate if it was taken at the opening or close of business.

Section 1304.11(a) of Title 21 of the CFR requires the registrant indicate on the required inventories if it was taken at the opening of business or close of business.

- 5) The firm inaccurately recorded a loss in transit as a distribution which resulted in an accountability error in the Hydrocodone, 10mg product audited.

Section 1304.21(d) of Title 21 of the CFR requires the registrant record the date of distribution on the date controlled substances are actually distributed.

- 6) The firm's maintenance of purchase records was inadequate. The primary purchase record provided to DIs Francis and Rafalski was Walgreen Company Report Number REPB309. The report was a computer printout listing receipts solely by specific item number. The report failed to contain numerous required items. The REPB309 failed to contain the name, address and registration number of the vendor where the controlled substances were acquired. Additionally, incorrect DEA registration numbers were recorded on the purchase record. The primary purchase record should record the receipt as indicated on original purchase records, which are maintained at the corporate facility in Deerfield, Illinois. Since the original purchase records are not maintained at the registered location, central recordkeeping should be considered.

Section 1304.22(b) of Title 21 of the CFR requires the registrant maintain records with specific information. The information must include name of substance, each finished form, number of units acquired, date of acquisition, name, address and registration number of the person from whom the units were acquired.

- 7) The firm failed to ascertain which List I chemicals were handled at the registered location. Walgreen Company was advised their List I chemical products should have been identified as "PSE List I." The firm failed to identify all List I chemical products as "PSE List I."

Section 1309.71(8) of Title 21 of the CFR states that, in evaluating the effectiveness of security controls and procedures, DEA shall consider the registrant maintain a system for monitoring the receipt, distribution and disposition of List I chemicals in its operations.

- 8) The firm does not have knowledge of thresholds for List I chemicals. The firm was unable to determine if a system was in place to establish if the thresholds had been met for a regulated transaction.

Section 1310.03(f) of Title 21 of the CFR states the listed chemicals for which thresholds have been established and the quantitative threshold utilized, to determine whether a receipt or sale is a regulated transaction.

- 9) The firm does not accurately identify all List I chemicals handled by their facility. This failure to maintain the identity of List I chemicals resulted in the firm's inability to maintain a system for suspicious ordering of List I chemicals.

Sections 1310.05(a)(1) and 1310.05(b) of Title 21 of the CFR states each regulated person shall report to DEA List I chemical transactions of extraordinary quantity, uncommon method of payment or delivery, or any other circumstances, that is indicative of possible List I chemical violations. It further states that the reports are to be made orally to the Drug Enforcement Administration and written reports of such transactions shall be filed within 15 days after the regulated person becomes aware of the transaction.

- 10) The firm did not record the milligram amount of the List I chemical products on any of the records reviewed by investigators.

Section 1310.06(a)(3) of Title 21 of the CFR states that each required record shall include the quantity and form of packaging of the List I chemical.

This letter is formal notification that your failure to maintain adequate records and security for controlled substances and List I chemicals constitutes violations of the Controlled Substances Act. At this time, you are being afforded the opportunity to comply with the requirements of the Controlled Substances Act which were outlined by DIs Francis and Rafalski with the management of your firm in March, 2006.

Please advise this office in writing within thirty (30) days of the action taken or planned to correct these violations.

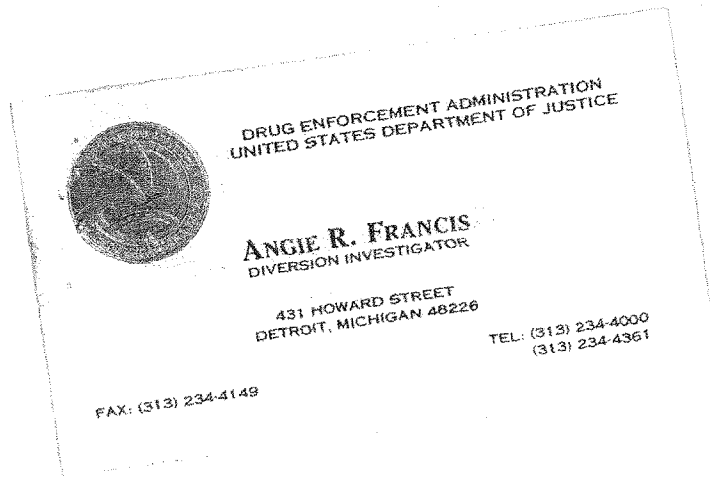

If you have any questions concerning this matter, please contact Acting Group Supervisor Barbara K. Dobric at 313-234-4000.

Sincerely,

SEC. 302.(f) The Attorney General is authorized to inspect the establishment of a registrant or applicant in accordance with the rules and regulations promulgated by him.

SEC. 510.(a) As used in this section, the term "controlled premises" means -

(1) places where original or other records or documents required under this title are kept or required to be kept, and

(2) places, including factories, warehouses, or other establishments, and conveyances, where persons registered under section 303 (or exempted from registration under section 302(d)) may lawfully hold, manufacture, or distribute, dispense, administer, or otherwise dispose of controlled substances.

(b)(1) For the purpose of inspecting, copying, and verifying the correctness of records, reports, or other documents required to be kept or made under this title and otherwise facilitating the carrying out of his functions under this title, the Attorney General is authorized, in accordance with this section, to enter controlled premises and to conduct administrative inspections thereof, and of the things specified in this section, relevant to those functions.

(2) Such entries and inspections shall be carried out through officers or employees (hereinafter referred to as "inspectors") designated by the Attorney General. Any such inspector, upon stating his purpose and presenting to the owner, operator, or agent in charge of such premises (A) appropriate credentials and (B) a written notice of his inspection authority (which notice in the case of an inspection requiring, or in fact supported by, an administrative inspection warrant shall consist of such warrant), shall have the right to enter such premises and conduct such inspection at reasonable times.

(3) Except as may otherwise be indicated in an applicable inspection warrant, the inspector shall have the right -

(A) to inspect and copy records, reports, and other documents required to be kept or made under this title;

(B) to inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished drugs and other substances or materials, containers, and labeling found therein, and, except as provided in paragraph (5) of this subsection, all other things therein (including records, files, papers, processes, controls, and facilities) appropriate for verification of the records, reports, and documents referred to in clause (A) or otherwise bearing on the provisions of this title; and

(C) to inventory any stock of any controlled substance therein and obtain samples of any such substance. (4) Except when the owner, operator, or agent in charge of the controlled

(4) Except when the owner, operator, or agent in charge of the controlled premises so consents in writing, no inspection authorized by this section shall extend to -

Re: Walgreens Distribution Center
Perrysburg, Ohio

Dear Ms. Dobric:

In furtherance of our recent telephone conversations, please accept the following responses to the issues identified during the March 2006 regulatory investigation of the above referenced facility.

Walgreen Co. ("Walgreens") strives to maintain our distribution operations at the highest level of compliance and we appreciate the observations of the Drug Enforcement Administration ("DEA") investigators that serve to supplement our own internal control systems. The responses below to the issues identified during the inspection should not be considered as either an admission or denial of any alleged violation but instead as assurances to DEA that each of these matters has been satisfactorily addressed.

1. Controlled Substance Suspicious Orders

Walgreens is currently pursuing the necessary programming to modify this formula in accordance with the voluntary formula listed in Appendix E-3 of the DEA Chemical Handler's Manual. Walgreens expects that these programming changes will be completed and implemented within the next six (6) months.

2. Shipping Containers

Walgreens has modified the tote tags used on shipping containers for controlled substances so that they are now indistinguishable from the shipping containers used for non-controlled substances.

3. Central Recordkeeping

Walgreens maintains that 21 CFR §1304.04(a) does not require DEA registrants to maintain copies of purchase orders at the registered facility. By letter dated June 26, 2006, Walgreens notified DEA of its intent to maintain controlled substance purchase order and invoice information for this facility centrally at the corporate headquarters. A copy of this notification is enclosed for your records.

4. Inventories

Enclosed is a copy of the most recent biennial inventory taken on December 30, 2005, which indicates that the same was taken at the close of business. Personnel at the

Perrysburg facility have reviewed other inventories that are maintained and have corrected these to more clearly indicate that each was taken at the open or close of business.

5. Reporting Losses in Transit

The loss in transit identified during the investigation was properly reported on DEA form 106. Programming changes were implemented as of July 15, 2006, which will ensure that any future loss in transit is not recorded as a distribution.

6. Primary Purchase Record

Walgreens has identified report REPB309 as the primary receiving record for this facility. Enclosed is a sample copy for your review. The REPB309 includes each of the elements specified in 21 CFR §1304.22(b). In the alternative, report REPB307 is available on site and can also be used as a receiving record. A sample of this report is also enclosed. Walgreens would appreciate if you could confirm that the REPB309, and/or the REPB307 fully comply with DEA regulations.

7. List I Chemical Identification

In conjunction with the implementation of the requirements under the "Combat Methamphetamine Epidemic Act of 2005", Walgreens is conducting a review of all products containing pseudoephedrine or ephedrine. Walgreens expects to discontinue the sale and distribution of many of these products. Additionally, a considerable number of products are being reformulated by the respective manufacturers; replacing pseudoephedrine with another decongestant. A new listing of products containing pseudoephedrine entitled "PSE List I" will be available on or before July 31, 2006.

8. List I Chemical Thresholds

Walgreens' distribution of all List I chemicals is limited solely to the distribution between the applicable distribution center and the Company's individual stores. Arguably, any such distribution is excluded from the definition of a regulated transaction, pursuant to 21 CFR § 1300.02(b)(28), because each distribution is a lawful intra-company transaction completed in the usual course of business. Notwithstanding that all such distributions are intra-company, proper recordkeeping is maintained in accordance with 21 CFR 1310, with each and every unit being accounted for between the distribution center and the respective store. Walgreens timely submits its monthly "suspicious order" report in accordance with 21 CFR § 1301.74(b), and additionally, has implemented specific line item order limits/restrictions for various products which contain List I chemicals.

9. List I Chemical Suspicious Orders

As reflected in the responses to paragraphs 7 and 8 above, Walgreens is preparing an updated listing entitled "PSE List I." However, as also explained above, all of the Company's transactions from its distribution centers are intra-company transactions, where, under no circumstance, especially in light of the aforementioned item line limits, could there be a regulated transaction, which could arguably be classified as a "suspicious order", involving "...an extraordinary quantity of listed chemical, an uncommon method of payment or delivery, or any other circumstance that the regulated

The materials enclosed are copies of what the DEA was shown. Point by point:

1. Formulary for suspicious controlled drug orders
 - The Formulary is spelled out under each individual WIC on the right side of the page.
2. Controlled tote identification
 - No documentation on the DC end.
3. Central Record-Keeping
 - No documentation on the DC end.
4. Biennial Inventory
 - As you can see on the enclosed cover sheet, it clearly states that the biennial inventory was performed at the close of business. We did not previously make an indication on the weekly inventories, but as you can see we have now added it to our weekly inventories as well.
5. Inaccurately documented a loss-in-transit as a sale
 - No documentation redrequested from the DC
6. Receiving Report
 - This is the 309, indicated in the CM-15 as being our primary receiving record.
- 7-10. List One
 - Corporate to call DEA for clarification on these items.
